general information

GENERAL INFORMATION

Fort Wayne Bible College is a **College**. Your work here will be on the collegiate level under competent professors leading to one of several degrees: Associate of Arts, Bachelor of Arts, Bachelor of Science, Bachelor of Music, Bachelor of Music Education.

Fort Wayne Bible College is a **Bible College**. You will have the Bible as one of your major areas of study along with a professional area.

Fort Wayne Bible College is a church college. It was founded in 1904 by the newly-organized Missionary Church and continues to be closely affiliated with the Missionary Church, although its Governing Board is now self-perpetuating.

Fort Wayne Bible College has an interdenominational fellowship. Members of other churches participate at board, faculty, and student levels. Nearly 70 percent of the student body come from 30 or more church groups other than the Missionary Church.

Fort Wayne Bible College is a professional school. This means that its primary aim is to equip you for some area of professional ministry or service related to the church. These areas are: pastoral work, Christian education, missions, music, or elementary school teaching. It has professional accreditation from the Accrediting Association of Bible Colleges and its teacher education programs are approved by the Indiana State Department of Public Instruction.

STATEMENT OF FAITH

The faculty and staff of Fort Wayne Bible College are committed to a conservative and evangelical interpretation of the Christian faith. This begins with the authority and inerrancy of the Scriptures and includes the Trinity, salvation through faith in Christ, the filling with the Holy Spirit for purity in life and power for service, and the personal, imminent return of Jesus Christ.

You will receive thorough instruction in doctrine as part of your course of study, but emphasis will also be placed on the practical application of Christian truth to daily life.

A complete statement of faith will be sent to you upon request.

OBJECTIVES OF THE COLLEGE

In preparing the student for life and work, the college seeks to achieve the following objectives:

1. To guide the student into a greater knowledge of the Bible, the Christian faith, himself, his fellowman, and the world around him.
2. To develop within him a deeper appreciation of a Biblical sense of values, of God's plan for his life, of his spiritual, social, and national heritage, and of his privileges and responsibilities in contemporary life.
3. To assist him in the development of skill in research and critical thinking for independent study, in the integration of all knowledge and experience into a Christian world view, and in the effective communication of ideas.

4. To help the student in the development of a well-rounded, wholesome Christian personality mentally, physically, spiritually, and socially (Luke 2:52).
5. To awaken in him a clear sense of his calling and a complete dedication of himself to Jesus Christ for effective Christian service to mankind.
6. To aid him in acquiring the characteristics and skills necessary for church-related vocations or for lay service in the church, as he seeks to fulfill the world wide mission of the church (Matt. 28:18-20).

THE PHILOSOPHY OF BIBLE COLLEGE EDUCATION

Fort Wayne Bible College is committed to a distinct philosophy of education. The revelation of God in Jesus Christ in the holy Scriptures and in nature is the integrating core of all truly Christian higher education. On this basis the college has organized and developed its curriculum and instructional service, recognizing that all legitimate fields of learning must radiate from a Christian center if the high goals for which it strives are to be attained. Through its faculty, courses, co-curricular activities, and service to the community and church, the college seeks to give all worthy students an opportunity to become effective Christian leaders in the areas of endeavor within the scope of its available resources and in accord with its stated aims and objectives.

The college believes in searching for truth and that the resulting discoveries will be in harmony with the revelation of the truth directly given to man by God through the Scriptures. This search for truth is in fulfillment of God's command in Genesis 1:28 to subdue the earth and exercise dominion over it. Here, therefore, there is a liberalizing education which serves to free men's minds and hearts from the trammels of falsehood, as well as to inspire students to exploration, discovery, and growth throughout life.

The college accepts the Biblical interpretation of the various elements that make up education. Most important among these are the student, the teacher, the subject matter, and the educative process.

The student has spiritual, mental, social, and physical capacities given him by the Creator for ends that are identified with the divine will. These capacities can only reach their fullest development as he fits himself into that will. He stands in need of moral development that can only have firm foundation as it rests on eternal truth and a personal redemptive relationship to Christ. His education, to be adequate, must result in moral character as well as in intellectual attainment and physical well-being.

The teacher seeks to develop in the student these physical, mental, social, and spiritual capacities. He achieves these ends, not by the mere imparting of facts, but by being an active participant in the educative process through which he contributes something of his own attitudes, appreciations, sense of values, moral standards, and philosophy of life. The successful teacher is loyal to the truth, recognizes the worth of the individual, and uses the subject matter as a means to an end rather than as an ultimate goal in itself.

Subject matter is divided into three areas at a Bible college: Biblical, general, and professional. However truth is regarded as a unity which has its origin and its end in the Creator. Every field of learning therefore, has a definite relation to every other and to the whole. All subject matter has its highest meaning

only as it is seen belonging to this unity of truth. Because of its common origin, truth cannot properly be divided into sacred and secular. All reveals some aspect of the nature or activity of God.

The educative process includes all those activities in which the student participates during his years at the college. Education is the sum total of all that one learns, whether from formal schooling or from incidental learning. It should include the harmonious development of the physical, mental, social, and spiritual life.

CURRICULUM

Biblical Education

Biblical education is supplied through the offerings of the Division of Biblical Studies. A major in Bible and theology is required in all courses. Study begins with survey courses and progresses to exposition of individual books of the Bible. The task of the teacher is to lead the student into apprehension of truth rather than to indoctrinate him in a special point of view or a particular school of theology. The aim of such study is to develop ability to discover and to interpret the concepts of the Word of God, to enrich life through a personal and growing experience of God's love and grace, and to establish habits and techniques of study that will be useful through life.

General Education

General education is a core of educative experiences which should result in a growing acquaintance with the major areas of knowledge, in the formulation of a Christian world-view, and in the ability to participate intelligently and constructively in contemporary society as a witnessing Christian. The content is drawn largely from the humanities, social sciences, and natural sciences treated in the context of a Christian atmosphere and an integrating framework provided by Biblical studies.

General education at Fort Wayne Bible College reaches beyond the transmission of factual knowledge to the development of skills, attitudes, and interests which enable a graduate to live abundantly to the glory of God.

Professional Education

Professional education is designed to give the student skills in his chosen life's work and in the work of the local church. To accomplish this, academic work is integrated with applied courses in a program of practical Christian service field work under the supervision of the faculty.

Specialized training is given in the areas of pastoral work, missions, Christian education, sacred music, and teacher education. Field work provides clinical experience and expressional activity which complement and motivate classroom instruction.

Spiritual Culture

Since education of the heart goes hand in hand with the education of the mind, the college provides time for devotional culture. Its aim is to make the school a home with such a spiritual atmosphere that habits of prayer and meditation will be formed. Classes are opened with prayer. The mid-morning daily chapel services provide an interim for inspiration and worship. The half day which is set aside each month for prayer has proved invaluable for heart searching, cleansing, and intercession.

Social Life and Physical Culture

The many opportunities for fellowship are used for the enrichment of Christian personality in an atmosphere of culture and spirituality. Apart from the ordinary associations of dormitory life there are events in which the entire school participates—occasional receptions, outings, and special services. Co-education in the college is meant to promote wholesome relationships and Christian culture.

To round out training for spiritual, intellectual, and physical development, attention is given to physical fitness. In all programs of study, physical education is a requirement. Exemptions from physical education are made only to students who submit a physician's statement of ill health or incapacity. A program of intramural athletics is provided for both men and women. Intercollegiate sports are basketball, baseball, and tennis.

Christian Service

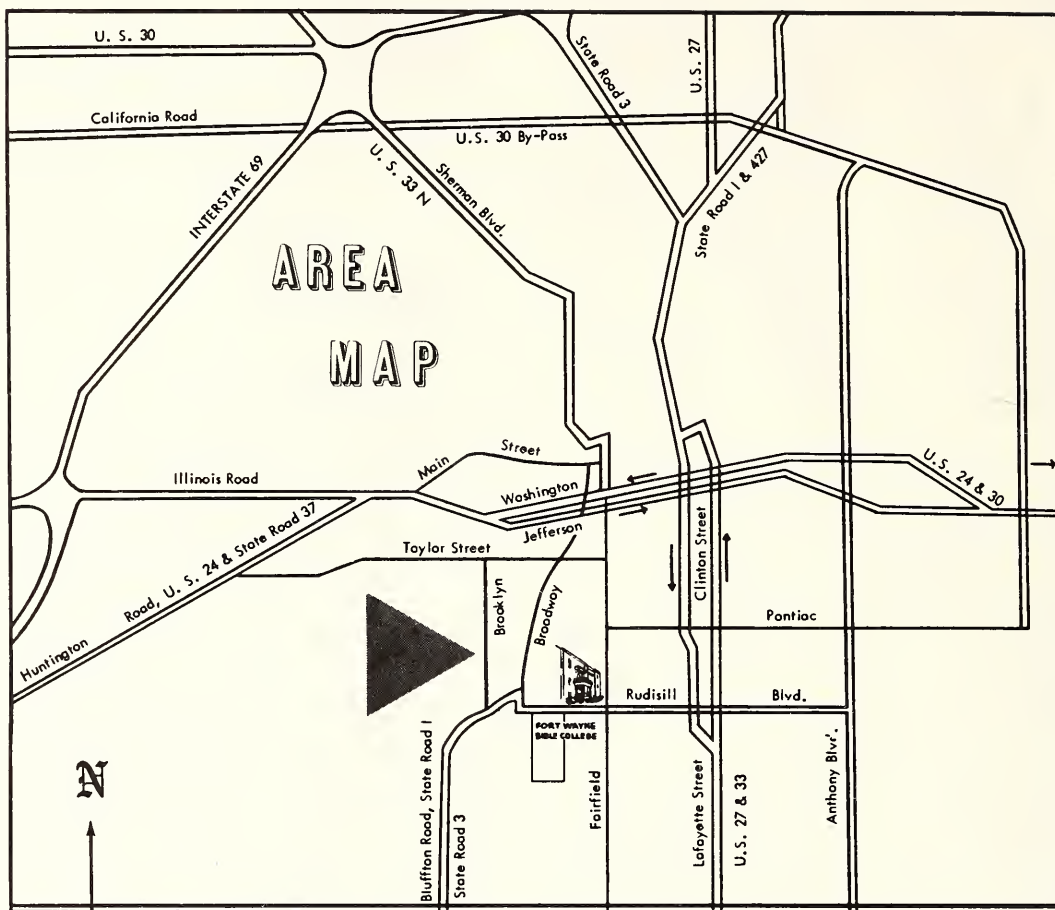

Since a Bible college is a professional school training for specific vocations, students have on-the-job training to develop the skills they need for their chosen vocations. In the classroom students receive content and methods. In the field work provided by the Christian Service Department students have opportunities to communicate the content and methods in real-life situations. Careful observation, evaluation, and counsel is given the individual student as far as possible. Since every student has this fieldwork experience, Fort Wayne Bible College gives preparation not only for specialists in Christian service but also for the layman who will be serving in various local church programs.

Specific assignments in field work are made in accordance with the student's interests, training, aptitudes, and needs. The satisfactory completion of an assignment for one semester is considered one unit of credit. Students are encouraged to participate in Christian service throughout their college career. The minimum requirement in Christian service for graduation follows: each student

is required to have a Christian service assignment each semester in which he is enrolled for eight hours or more with the exception of two semesters of his program. These exceptions may not apply during the senior year. Thus a student completing his program in four years (eight semesters) will have a minimum of six units of Christian service credit while a student who extends his program to five years will have a minimum of eight units of Christian service credit.

The Fort Wayne area offers many opportunities for Christian service. Assignments include Sunday school teachers for all age groups, children's church directors, music directors, pianists, organists, assistant pastors, Campus Life club directors, Lifeline workers, youth directors, mission workers, Child Evangelism teachers, boys' and girls' club directors, one-to-one evangelism, and various musical group ministries in churches, high schools, civic organizations, and youth rallies.

Campus Work

Boarding students are responsible for the care of their rooms. In the care of their rooms, students are rated on cleanliness, tidiness, pleasing arrangements, and assumption of responsibility.

CAMPUS

Fort Wayne Bible College is located in the southwest section of Fort Wayne, Indiana, an industrial city of about 180,000. The college occupies a 27-acre campus in an exclusive residential area. Stately oaks and hickory trees lend beauty and charm to the campus which constitutes an ideal environment for school life. The city of Fort Wayne is noted for its rich church and cultural life, and there is ready access to the business and industrial sections of the city with their numerous opportunities for employment and Christian service. The campus is divided by Rudisill Boulevard into a north and south campus. Four major buildings occupy the north campus. Six buildings are a part of a plan for the development of the south campus. Three of these are now completed. Future plans include a student center, chapel, and men's residence hall. The present campus and school plant valued at \$4,500,000 includes the following buildings:

Grants and Aid

Tuition Reduction Grants are made to Christian workers and their families under conditions listed below.

Those who are members of the Missionary Church receive a 25 percent discount on tuition. This applies to:

1. Ministers who are pastoring a church and not engaged in full-time secular employment, their wives, and their children who are legally claimed as dependents for federal income tax purposes.
2. Ministers who are not pastoring a church after at least three years in a full-time pastorate, but who are taking a leave of absence from the pastorate to further their education with the intention to re-enter full-time Christian work.
3. Missionaries, their wives, and their children who are legally claimed as dependents for federal income tax purposes.

Christian workers of other denominations will be granted a 15 percent tuition reduction under the conditions listed above. Application forms for these grants can be obtained through the Business Manager's Office.

Multiple Dependents Grants—Where more than one child is enrolled in a given semester as a full-time (12 semester hours or more) student, the second and each subsequent child will receive a 15 percent tuition reduction. Only children claimed as dependents on federal income tax returns are eligible for such tuition reduction.

FWBC Student Aid Fund—The college maintains a fund for aid to needy students. Individuals interested in helping worthy students are encouraged to contribute to this fund.

Educational Opportunity Grants (EOG)—Fort Wayne Bible College is participating in this program. To be eligible, you must have an exceptional financial need and be unable without EOG aid to continue your education beyond high school. You must be a full-time undergraduate student.

Loan Funds

Jessie Helrigel Memorial Student Loan Fund—The parents of Jessie Helrigel established a student loan fund as a memorial for deserving students in need of financial help. Loans are made for emergencies and to meet essential educational costs. No interest is charged until the due date.

James Fleming Loan Fund—This fund was established by Dr. James Fleming, owner and publisher of The Journal Gazette. Through this fund an accumulating amount of money is available for loans to students.

Daniel E. Speicher Memorial Loan Fund—This fund of \$1,000 was established by the late Daniel E. Speicher. The full amount is available for loans to students.

National Defense Student Loan Fund—Fort Wayne Bible College is participating in the National Defense Student Loan Fund.

United Student Aid Fund—USA Fund loans for college are available for sophomore, junior, and senior students. The college certifies the academic and financial standing of the student. The loans bear 7 percent simple interest from the date of the loan. Repayment begins the fifth month after graduation or 30 days after leaving college if the student leaves before graduation. The student procures the loan through his bank and repays his bank. USA Fund endorses the loan, not the student's parents.

The AES Loan Fund—This loan fund has been established by a Fort Wayne businessman who wishes to remain anonymous. The full amount of \$1,000 is available for loans to students under rules established by the Committee on Financial Aid to Students.

Fort Wayne Educational Foundation's Student Loan Program—Low-interest loans are offered from this program to graduates of Allen County high schools for the purpose of continuing their education or training.

Campus Employment

The college has numerous job opportunities which are granted to applicants on the basis of need and competence. Aptitudes and skills are taken into consideration in assigning work. It is expected that students will perform cooperatively the tasks that are assigned to them. It is also expected that students will carry through a work assignment for a semester except for reasons of ill health.

Application forms for campus employment may be secured from the Student Employment Office and should be returned as early as possible in order to ensure employment.

Our college participates in the College Work Study Program of the Federal Government.

Other Self-Help Opportunities

There are many outside work opportunities in Fort Wayne for students who need to earn part of their expenses while in college. Part-time work is available through the Office of Student Employment. Ability, initiative, and dependability are qualifications needed.

Unless granted special permission by the Dean of Students, 25 hours per week is the maximum amount of work permitted students who carry a full study load.

STUDENT LIFE

STUDENT ACTIVITIES

Student Association

The student association works hard to offer activities and services which will help you develop socially and spiritually as well as academically. It also encourages a relaxed and cooperative relationship between students and the faculty and staff, while setting the pace for school spirit and loyalty to our college.

Student Missionary Fellowship

The SMF, a vital organization led by students, exists to stir up interest in and support for evangelism, whether it takes place across the ocean or across the street. Programs feature what is happening *now* in missions, and try to look ahead to see what may be happening tomorrow. You will be given the opportunity to spend vacations witnessing for Christ in a foreign country and the challenge of learning to give so others might come to know Him.

Youth Conference

In the spring, high school teens from over 16 states invade campus for the annual Youth Conference weekend. Youth Conference is designed to meet the needs of young people. It seeks to bring the problems of practical Christian living and education that is Christian into focus through speakers, informal sessions, and just plain rubbing shoulders with college students. Begun in 1940, Youth Conference is now one of the biggest events of the college year.

Alpha Kappa Club

This club, which is composed of students enrolled in Greek language courses, has as its general objectives the encouragement of academic achievement in the sphere of New Testament Koine Greek and the development of ability to use the original language in the preparation of expository sermons. An annual cash award is given by the club to the member preparing the best expository sermon.

Athletics

You will have to be part of the school spirit shown at athletic events at F.W.B.C. to believe it. The college recognizes that wholesome recreation and sports activity are part of a well-balanced Christian life. It sponsors intercollegiate and intramural athletics to help students achieve that balance. A program of intramural athletics is arranged each year with tournaments conducted in several sports: pingpong, basketball, flag football, softball, badminton, archery, etc. The college competes with other schools, chiefly with other Christian colleges, in basketball and baseball through its membership in the National Association of Intercollegiate Athletics, the National Christian Collegiate Athletic Association, the North Central Christian Athletic Conference, and the Indiana Intercollegiate Athletic Association.

Forensics

Intercollegiate forensic competition with midwest colleges and universities includes group discussion, after dinner, impromptu and extemporaneous speaking, and oral interpretation. For specific details concerning these activities interested students should contact the Department of Communications faculty.

College-Community Artist Series

As a Fort Wayne Bible College student you will have the opportunity to enjoy top quality performances in the College-Community Artist Series. In addition to these excellent on-campus events which are covered by your student activity fee, you may attend the Fort Wayne Philharmonic and other community concerts at reduced rates. These activities will provide a good release for you as the pressures of studying build.

College Yearbook

Instead of the traditional one-volume yearbook, you will receive your own three-volume copy of *The Vine*. This innovative, magazine-type publication combines year-book memoirs with news events of the school year.

Musical Ensembles

Students with musical ability have opportunity to participate in any of a variety of musical groups: Band, Brass Ensemble, Chorale, Chamber Ensemble, Choral Union, Singing Collegians.

Student Education Association

As an education major you will have the opportunity to attend monthly meetings where professional educators present stimulating and informative programs.

Women's Recreational Association

Membership in the W.R.A. is open to all women students. This club encourages participation in the college intramural program. The W.R.A. enables women to accumulate points toward athletic awards, promotes coeducational recreational activities on campus, and sponsors "play days" with other colleges.

CAMPUS REGULATIONS

Every campus must have regulations in order to function smoothly and efficiently. At Fort Wayne Bible College, however, we try not to have meaningless rules just for the sake of having them. Most of you will find that you will have all of the freedom you need to enjoy college life. A copy of the **BC Book** (student handbook) will be sent to you after you are accepted as a student.

Because we are a Bible College preparing young people for Christian service, our students enjoy attending a college where drugs, alcoholic beverages, smoking, and profanity are absent, and where the emphasis is on building Biblical principles into our lives.

ADDITIONAL INFORMATION

Room Furnishings

Dorm rooms are equipped with beds, desks, chairs, dressers, and bookshelves. You may want to bring items from home to add individuality and style to your room.

Laundry

Sheets and pillow cases are provided by the college and are laundered weekly by a linen company. You should plan to bring your own towels, blankets, and bedspreads. Each dorm has laundry facilities for your convenience.

Dress

The matter of personal appearance and dress is vitally connected with our testimony for Christ. As Christians we should therefore strive for modesty, neatness, and cleanliness in personal appearance, refraining from extremes and fashions that border on immodesty. More specific regulations regarding dress will be sent to applicants prior to enrollment.

Health Service

The college provides medical care for minor illnesses through its Health Center and the services of the college physician and registered nurses. Single students not living in their own homes may receive nursing care in the center when necessary for the nominal fee of \$1.00 per day, plus (if they are non-boarding students) the cost of the meals. Serious cases are hospitalized. Each student enrolled for eight hours or more is insured for certain hospitalization and medical benefits for an amount not to exceed \$2,500 for each accident or illness.

Supplies

Textbooks, school supplies, health and beauty aids, and gift items are sold in the college bookstore.

Motor Vehicles

Upperclass students are permitted to have automobiles on campus. Freshmen and probation students are permitted to bring automobiles or motorcycles to school only in cases where there is sufficient reason to merit special consideration. Application for special permission to have a motor vehicle is to be made through Student Services.

educational program

EDUCATIONAL PROGRAM

Fort Wayne Bible College is committed to a distinct philosophy of education which reflects its statement of faith. The revelation of God, both general and special, forms the core of the curriculum. General revelation comes to man through nature, man's conscience, and divine providences. Special revelation is given by Jesus Christ and by the Bible. The terms "general" and "special" reveal the extent and the purpose of God's revelation. God has revealed Himself both in creation and in the Scriptures. Christians are expected to be diligent in understanding both of these sources of revelation. Biblical revelation does not pretend to answer all questions but it does provide a guide to understand other channels of revelation.

The educational program reflects the particular philosophy of life which the college holds. Based on the tenets of Christian theism the program is organized according to the following pattern: Christ for life, the Bible for wisdom, general education for culture, and professional skills for service.

Course instruction has a threefold content and purpose. First, intensive and systematic Bible study gives the student the Christian world-view, acquaints him with the gospel message, and enriches his life spiritually. Second, general education broadens his knowledge of man, of society, and of the universe, and integrates that knowledge with Christian theism. Third, applied work develops skills for Christian service.

Since adequate preparation includes Christian character and spiritual endowment, the program embraces much more than formal instruction. Biblical education, general education, and professional education are combined with devotional culture, social life, physical fitness, and field experience to provide a well-rounded program designed to meet the needs of the total man. The whole of college life is designed to contribute to personal enrichment and building of character.

ACCREDITATION AND ACADEMIC STANDING

Fort Wayne Bible College is accredited by the Accrediting Association of Bible Colleges. It is a charter member of AABC. Its former president, the late Dr. S. A. Witmer, became the first Executive Secretary of AABC. The college is accredited as a four-year, teacher-education college by the Indiana State Department of Public Instruction. It is listed as an accredited institution of higher learning by the United States Office of Education. Full transfer credit is granted by Indiana University for work applicable to university programs.

The college holds membership in the Evangelical Teacher Training Association and is authorized to award E.T.T.A. certificates and diplomas.

The United States Department of Justice has approved the college for the education of foreign students. The Indiana State Approval Agency approves it for the training of veterans and war orphans. The National Headquarters of the Selective Service recognizes it as a bona fide theological school.

The college holds institutional membership in the Indiana Conference of Higher Education, the Council for the Advancement of Small Colleges, the American Association for Higher Education, and the Independent Colleges and Universities of Indiana.

STANDARDS OF ADMISSIONS

Christian Character

Since its founding in 1904, the college has consistently practiced a policy of admitting students of all races and nationalities. It is assumed that young people who come to the college are definitely committed to God's will for their lives and have a firm purpose to prepare themselves to serve Christ. A willingness to learn and a sincere desire for truth are prerequisites to worthy achievement.

Admission to the college is to be considered a privilege, not a right. The college may therefore ask a student who proves unworthy to withdraw at any time. When making application, a student agrees to bear responsibility for carrying out all college regulations.

Academic Preparation

Graduation from high school with an acceptable record is the usual requirement for admission. For non-graduates, high school equivalency may be validated by examination as a basis for admission. To equip themselves better for college work, it is recommended that students include the following in their high school courses:

- | | |
|---------------------------------------|--------------------------------|
| 4 years of English | 1 year of a laboratory science |
| 2 years of mathematics | 2 years of a foreign language |
| 2 years of history and social science | |

Preadmission Tests

Each applicant should take the Scholastic Aptitude Test (SAT) of the College Entrance Examination Board (CEEB) during his senior year through his high school. The test scores are to be sent to Fort Wayne Bible College by the Educational Testing Service. The college number is 1227.

Where SAT scores are not available, the American College Testing Program (ACT) scores will be accepted. The college number of ACT is 1192.

Transfer Students

Admission to advanced standing is granted to students who have completed acceptable work in other accredited institutions. Credits which are applicable to the programs at Fort Wayne Bible College are fully accepted, provided such courses are completed with "C" or above. Credits from non-accredited schools must be validated by examination or by satisfactory achievement during a probationary period of study.

Graduates from a recognized junior college or community college usually will find they can qualify for a bachelor's degree from Fort Wayne Bible College within two or two and one-half years, due to transfer of credits.

All transfer students are required to complete at least 30 semester hours at Fort Wayne Bible College including: NT 430 Romans, TH 463 Christology and Pneumatology or TH 466 Pneumatology, and a 2-hour Bible elective course, to qualify for a degree or diploma.

ADMISSION PROCEDURES

Admission of New Students

The first step in seeking admissions is to make formal application on the form included on pages 33-34 of this catalog. An application fee of \$15, which is non-refundable, and a small, recent photo of the applicant must accompany the application. Upon receipt, the Director of Admissions will send additional forms to be completed. When all forms and test scores are received, the Admissions Committee will consider the application for approval and notify the applicant of the action taken. If the student ranks in the lower half of his high school class, action may be deferred until the final semester grades and class ranking are received.

An enrollment deposit of \$50 is due within 30 days after notice of approval. This deposit will be credited to the student's account, but is not refundable after July 1 for the first semester enrollment, or November 1 for the second semester. Applicants accepted for the first semester are to arrive on campus for the beginning of orientation week.

Late Registration

Special permission for late registration will be granted only in exceptional cases. A late registration fee will be assessed. No students may be enrolled after the completion of the first full week of classes.

The normal student load is 16 hours per week. Approval of loads in excess of this norm may be granted to students of superior ability. Unless special permission is granted, the first year maximum load is 17 hours. A student should be able to carry a normal number of hours under ordinary conditions. A minimum load of 12 hours is required for classification as a full-time student.

Reading Assistance Program

Any student showing academic deficiency may be required to enroll in a course offered by the college for the improvement of reading ability and study skills.

Credit by Examination

The student may receive credit for certain courses by successfully passing College Board Advanced Placement Tests, available in the last semester of the senior year of high school, or by successful performance on appropriate examinations while at Fort Wayne Bible College. Credit by examination in itself implies no grade.

Grading Symbols and Grade Point Values

- A—Superior scholarship, 4 points

- C—Average, 2 points
- D—Below average, 1 point
- F—Failure, 0 points
- WP—Withdrew, passing, 0 points
- WF—Withdrew, failing, 0 points
- I—Incomplete

The grade point average is determined by dividing the total number of grade points earned by the number of hours taken.

Grade Point Requirements

The following chart shows the minimum grade point averages (GPA) which must be achieved in order to continue in good standing:

HOURS COMPLETED	TO CONTINUE IN DEGREE PROGRAM
1-16	1.50
17-32	1.70
33-48	1.80
49-60	1.90
61-89	2.00
90 and above	2.00

Probation

If a student's grade point average drops below the minimum levels indicated, he will be placed on academic probation. If he fails to make satisfactory progress during the probationary semester, he may not be permitted to reenroll.

Honors

At the close of each semester the Registrar's Office publishes the names of all students who were enrolled for at least 12 hours and who achieved a grade point average of 3.35 or higher for the period just ended.

Honors will be awarded at graduation according to the following minimum grade point average: "cum laude" for 3.35, "magna cum laude" for 3.65, "summa cum laude" for 3.95. To be eligible for these honors a student must complete at least 60 hours at Fort Wayne Bible College. As applying to transfer students, grades earned in all courses leading toward the completion of the student's program will be used in computing the GPA on the same basis as though they were all completed at Fort Wayne Bible College.

A limited number of seniors may be elected by the faculty to Delta Epsilon Chi, the honor society sponsored by the Accrediting Association of Bible Colleges, and/or for listing in **Who's Who Among Students in American Universities and Colleges**.

General Requirements for Graduation

A student in the Associate of Arts program ranks as a sophomore at the beginning of the academic year in which he plans to graduate. He must have a grade point average of at least 2.00 at the beginning of his final semester to qualify for graduation. The comprehensive examination in Bible and the Undergraduate Record Examination are waived for the students in this program. He is required to make formal application for graduation during the fall registration in his final year.

A student in any other program ranks as a senior at the beginning of the academic year in which he plans to graduate. He must have a grade point average of at least 2.00. If it drops below 2.00 at the end of the first semester he will not be recommended for graduation. He must have successfully completed his English proficiency examination, offered during his junior year.

Each senior is required to make formal application for graduation during fall registration in his final year. Although the Registrar and department chairmen are available to advise the student with his academic program, the responsibility of fulfilling all requirements for graduation is wholly that of the student.

To qualify for graduation a senior must:

1. Complete at least 30 hours, including his final 12, at Fort Wayne Bible College;
2. Maintain a cumulative grade point average of at least 2.00 during his final year;
3. Pass the comprehensive examination in Bible during the senior year;
4. Take the Undergraduate Record Examination;
5. Fulfill all the requirements specified in the catalog in connection with his major;
6. Meet all academic requirements within ten years from enrollment under a given catalog;
7. Have a Christian character evaluation of at least 2.00;
8. Have a Christian service evaluation of at least 2.00;
9. Have his account either paid in full or have made proper arrangements with the Business Manager for deferred payments; and

Numbers in the 100's indicate courses intended primarily for freshmen, 200's for sophomores, 300's for juniors, and 400's for seniors.

Numbers ending in 0 indicate courses which are given more than once during the school year, or in either semester but which are complete in one semester.

Numbers ending in odd digits are first semester courses (e.g., OT 101 means that Old Testament Survey is offered first semester). Numbers ending in even digits (e.g., NT 102) are second semester courses.

Course Cancellations

The college reserves the right to withdraw any course in which fewer than five students are registered.

Degrees

Five degrees are offered by the College: Associate of Arts, Bachelor of Arts, Bachelor of Science, Bachelor of Music and Bachelor of Music Education. The Associate of Arts is a two-year program. The B.A., B.S., B.Mus., and B.M.E. degrees are four or five year programs. Details for each major field of study are given under the appropriate department heading. Choice of degree and major field of study may be made in consultation with the respective department chairman during the freshman or sophomore year.

Diploma Program

A three-year diploma program in Bible is offered.

Summer School

Some courses may be offered on a condensed summer school schedule when demand is sufficient. Research and seminar courses may also be arranged over the summer months at regular tuition rates. Write the Director of Admissions for further information.

Graduates of other institutions who would like a one-year concentration in such areas as Biblical studies and missions may work out a special program in conference with the Registrar or the department chairmen.

Both graduates and qualified seniors may be admitted to the program of the Institute. See the Academic Dean for details.

EDUCATIONAL AREAS

Biblical Education

All students on the four-year degree programs or the three-year diploma program enrolled at Fort Wayne Bible College are required to complete a minimum of 30 hours in Bible and theology. This is a part of the general requirements for graduation. This includes students enrolled in the Bachelor of Science program with a major in missionary nursing.

BIBLE	HOURS
Survey courses (OT 101; NT 102)	6
Sectional book studies	6
Romans (NT 430)	3
Bible electives	5-7
Theology (TH 361, 362, 463, 464)	8-10
TOTAL	30

Students on the two-year Associate of Arts program are required to take a few less hours because of the abbreviated nature of their program. See page 44 for a description of this program.

General Education

General education is a core of educative experiences which should result in a growing acquaintance with the major areas of knowledge, in the formulation of a Christian world-view, and in the ability to participate intelligently and con-

structively in contemporary society as a witnessing Christian. The content is drawn largely from the humanities, social sciences, and natural sciences treated in the context of a Christian atmosphere and an integrating framework provided by Biblical studies. General education at Fort Wayne Bible College reaches beyond the transmission of factual knowledge to the development of skills, attitudes, and interests which enable a graduate to live abundantly to the glory of God.

The objectives of general education are: 1) to acquaint the student with the world around him, including the sources of our culture, the important problems of today, and the methods of seeking their solution; 2) to help the student acquire a Christian world-view that encompasses and integrates all areas of knowledge and experience; 3) to prepare him for intelligent and satisfying living as an individual, in the home, in the community, and in the church; 4) to develop ability to express ideas clearly and effectively; 5) to cultivate an appreciation of moral and aesthetic values; 6) to provide a sound basis for critical thinking and valid judgment; and 7) to help the student toward physical as well as mental well-being.

While the total number of hours required in general education may vary from department to department, subjects in this area of the curriculum comprise approximately one-third of the total. Courses in general education which are required on all four-year degree programs are as follows:

CHRISTIAN CULTURE			HOURS	NATURAL AND SOCIAL SCIENCES			HOURS
CE	100	Intro. to CE	3	PS	155	Orientation	1
MI	100	Christian Outreach	2	PS	170	General Psychology	3
COMMUNICATIONS				SC	313, 314	Physical Science,

SP	130	Speech Communication	3	SS	271, 272	History of West. Culture	6
HUMANITIES				PHYSICAL EDUCATION			
MU	120	Intro. to Music	2

Daryl W. Cartmel, Acting Chairman

Objectives

The objectives of this department are: 1) to aid the student in developing a Christian philosophy of missions; 2) to acquaint him with the history and methods of church planting and growth; 3) to provide an orientation which will give him an understanding of, and appreciation for non-Western cultures as a basis for cross-cultural communication; 4) to explore the necessity and meaning of indigenous church principles; 5) to help him develop essential skills (e.g. in language learning); 6) to guide the student into an understanding of the proper relationships which should exist between the missionary and his supporters, his co-workers, and the people whom he serves and thereby to establish a better basis for such relationships; and 7) to provide pastors and others who do not serve as foreign missionaries with a basis for intelligent and effective participation in the missionary programs of their churches. The following are resumes of the special requirements for the various programs in the department.

1. BACHELOR OF ARTS

c. Major in Missionary Nursing

The Bachelor of Science program in missionary nursing is designed as a basic course for women who plan to engage in missionary service. It aims to provide the preparation necessary to minister to spiritual and physical needs by a combination of courses in general education, Bible, missions, and professional nursing. The five-year program includes the regular three-year course in nurses' training, a major in Bible, and a minor in missions.

This unique program, designed to meet an urgent need for professionally trained missionary candidates, is made possible through the cooperation of near-by Lutheran Hospital School of Nursing. Training is taken alternately at the two institutions. The first year is spent on the college campus in studies in general education and Bible. The next three years are spent at the Lutheran Hospital School of Nursing unless prior permission to study at another institution is

granted by the Academic Affairs Committee. During this time the student maintains associations with the college as time and prior obligations permit. At the end of this period the student is eligible to take the state examinations for registration. The fifth year is spent on the college campus with advanced studies in Bible and missions.

The Lutheran Hospital is approved by the American College of Surgeons and is a member of the American Hospital Association. The School of Nursing is accredited by the Indiana State Board of Nurses' Registration and Nursing Education, and the National League for Nursing.

The nurses' residence includes fine living accommodations and educational facilities.

Applicants for this program should apply first to Fort Wayne Bible College using the application form on pages 35-36 of this catalog. They may also begin their application for nurses' training by writing to the Lutheran Hospital School of Nursing, 535 Home Avenue, Fort Wayne, Indiana 46807, and requesting a preliminary application form. The letter of request should also state the year of graduation from high school and the date of enrollment in Fort Wayne Bible College. Arrangements can then be made to take the qualifying National League for Nursing tests. Duplicate copies of the scores will be sent to the Registrar of the college and the school of nursing.

Graduate nurses who have taken their nurses' training elsewhere in a recognized school of nursing may take the two years of Bible-missions education leading to the B.S. degree upon meeting either of two requirements: 1) graduation from a nursing school fully accredited by the National Nursing Accrediting Service, or 2) passing on a satisfactory level the Graduate Nurse Qualifying Examination of the National League for Nursing.

A total of 128 hours is required for the Bachelor of Science degree. Sixty-four semester hours are granted for the work done at the Lutheran Hospital, leaving 64 hours to be earned at the Bible College. These 64 hours are distributed as follows:

FIRST YEAR			HOURS	FIFTH YEAR			HOURS

D. DEPARTMENT OF TEACHER EDUCATION

Ted D. Nickel, Chairman

Objectives

This department aims to prepare students for teaching in elementary schools and also in the field of music on the secondary level.

The objectives are: 1) to assist the student to gain a general understanding of the basic areas of education, including: its historical development, contemporary patterns, child development, methodology, and a basic Christian philosophy of education; 2) to train efficient leaders and teachers for the educational program of the church; 3) to form an attitude toward teaching as a positively Christian vocation; 4) to gain the basic skills necessary for the art of teaching; 5) to qualify the student to meet certification requirements of the Indiana State Department of Public Instruction; and 6) to provide basic preparation for graduate study in education.

We assume that effective teacher preparation requires more than a good academic standing. Therefore, the "Teacher Selection Program" is used to evaluate the overall qualifications for teaching. The goals of this program are: 1) to help the student gain a clearer conception of his abilities; 2) to help the student see teaching as a spiritual service; and 3) to help the student grow in teaching competence. A special form explaining the entire program is available in the teacher education office. It is introduced to the student in ED 152, Introduction to Education.

Since qualifications for teaching certificates vary between states, the student is advised to check the certification requirements of the state where he plans to teach. Fort Wayne Bible College is accredited by the Indiana State Department of Public Instruction. The following are resumes of the special requirements for the two programs in the department.

1. BACHELOR OF SCIENCE

a. Major in Elementary Education

This program consists of 143 hours of academic work needed for graduation. Requirements of the Indiana State Department of Public Instruction for a teaching certificate include: 32 hours in professional education; 15 hours in science; 15 hours in social studies; 15 hours in language arts; 10 hours in fine arts; 9 hours in mathematics; and 17 hours of other requirements. An additional 30 hours in Bible and theology are necessary to meet the program requirements of Fort Wayne Bible College.

E. DEPARTMENT OF MUSIC

Jay D. Platte, Chairman

This department serves the entire student body of the college in general and, more specifically, those students interested in music professionally.

Objectives

The general and professional goals of the department are:

1. to provide general education in music for all students of the college;
2. to guide all students into exercising good aesthetic judgment;
3. to prepare students for various ministries in church music, evangelism, and youth work;
4. to prepare students to teach music privately and in the public or private schools on the elementary and secondary levels;
5. to encourage creative writing and interpretive performing; and
6. to provide worthy music for the life and worship of the college.

These objectives are in keeping with the overall aims of the college toward integration of its activities with its Christian philosophy of education, and they express the primary aims of the department which are student-directed. The objectives do not, however, entirely express the contributions which the department makes to the cultural life of the community nor to the public relations of the institution.

Requirements

Fields of Concentration. Students may choose an area of concentration from the following fields: voice, piano, organ, orchestral instruments, music education, and music-Christian education. An evaluation in an applied performance area is required at the end of each semester.

Basic Piano Requirements. Minimum piano proficiency shall be achieved by all music majors. A proficiency test administered by the music faculty can be taken by each music major some time before the end of the first semester of his senior year; or the student may elect four semesters of functional piano in place of the proficiency exam. A minimum grade of C is required.

Because of the need for accompanying experience all students in the fields of piano and organ may be required to serve as accompanist for certain musical groups or soloists.

Ensemble Requirements. All music majors must participate in at least one performing organization each semester unless excused by the music department.

Recitals. Those students with concentrations in applied music (Bachelor of Music) must present a short program in their junior year and a full recital in their senior year. Those students with concentrations in music education (Bachelor of Music Education) and music-Christian education (Bachelor of Science) are urged to give senior recitals in their applied area and may be required to do so at the discretion of the music faculty.

General Music Regulations

Practice Requirements. Practice is essential to applied study. Although success is not necessarily determined by a set number of practice hours, student progress is to be evaluated by the individual teacher.

Applied Music. Any student who cannot appear for a scheduled lesson is required to notify the teacher at least one hour before the beginning of the lesson; otherwise the student forfeits the right to a make-up lesson. Lessons missed by the teacher will be made up at the mutual convenience of student and teacher. A minimum of 12 lessons of applied music per semester is suggested in order to receive credit. Exceptions will be referred to the music faculty.

Resumes of the special requirements for the various degree programs in the department follow.

Additional music may be recommended according to individual needs and abilities.

2. BACHELOR OF MUSIC EDUCATION (4-5 years)

By completing a concentration in this area, the student is able to meet the requirements for the Provisional Secondary Teacher's Certificate in the State of Indiana. This certifies him to teach music in grades K through 12. The qualifications for a teaching certificate vary from state to state. It is the responsibility of the student to ascertain the requirements of the state in which he plans to teach.

The Bachelor of Music Education degree normally takes 5 years. This period may be reduced to 4 years by following an accelerated program. To be eligible for this program a student must pass proficiency examinations and an audition before the music faculty. Academic credit will be given for areas of proved proficiency. Thus a 4-year program is available to the student who has advanced musical preparation and who possesses a natural gift for musical performance. Inquiries regarding the program should be addressed to the Chairman of the Music Department.

A total of 150 hours is required for the concentration in music education, distributed as follows:
